SUBJECT

Services Case Transfers and MPS Warrant Rewrites

Purpose

To notify local FIA offices of the following:

1. Services case transfer information
2. New MPS warrant rewrite transactions
3. New MPS warrant disposition codes

**1. NEW ITEM 152,
CASE
TRANSFERS**

New SRM Item 152, Case Transfers, has been added to provide information regarding transfer of Services case records to other counties/districts previously found only in the CIS manual.

**2. MODEL
PAYMENTS (MPS)
WARRANT
REWRITE AND
DISPOSITION
TRANSACTIONS**

The FWRT, MPS Warrant Rewrite Transaction, is no longer used to rewrite an MPS warrant. The FWDS, MPS Warrant Disposition Transaction, is no longer used to cancel an MPS warrant. Both these actions are now done using the STSM transaction. References to the FWRT and FSCD transactions have been removed from SM Item 192.

Services workers should continue to send the FIA2362(C), Services Warrant Rewrite/Disposition Request, to the local CIS unit to rewrite or cancel an MPS warrant on CIS.

**3. WARRANT
DISPOSITION
CODES 60, 62, 63
AND 64**

Warrants that have been automatically canceled by Treasury due to being over 180 days old (warrant disposition codes of 62, 63, or 64) that are not to be rewritten must still be canceled (change disposition code from 62 to 42, 63 to 43 or 64 to 44) by the local office using the STSM transaction. SM Item 192 and 195 have been updated.

**4. REFERENCE
AND
TERMINOLOGY
UPDATE**

Items 111, 131, 141, 151, 161, 171, 181, 194 and 250 have been updated to remove Child Day Care Services references, now located in the PPB manuals, and to update FIA terminology.
