
**DEPARTMENT
POLICY****FIP, SDA, RCA, CDC and MA**

Age is an eligibility factor for FIP, SDA, RCA, CDC and certain MA types of assistance.

An individual remains eligible with respect to age for the entire month in which they reach the maximum age.

Bridges evaluates age as an eligibility factor at application, redetermination and whenever an individual reaches an age limit defined in this item.

**AGE AS AN
ELIGIBILITY
FACTOR****Age of a Child****FIP Only**

A dependent child must meet the conditions described below:

- The dependent child is under age 6.
- The dependent child is age 6 through 17, attending school full-time.
- The dependent child is age 18 and attending high school full-time until either the dependent child graduates from high school or turns 19, whichever occurs first.

A FIP group that has a dependent child age 6 through 15 that is not attending school full-time is not eligible for FIP.

A dependent child age 16 or 17 who is not attending high school full-time is not eligible for FIP benefits. The dependent child will have a Disqualified FIP eligibility determination group (EDG) participation status in Bridges.

Note: A dependent child under the age of 18 who has graduated high school is eligible for FIP until the dependent child's 18th birthday.

See BEM 245 for the definition of high school, an explanation of full-time enrollment and attendance, and verification sources.

CDC Only

A child must meet one of the conditions or set of conditions described below:

- Under age 13.

Eligible children turning age 13 or 18 during a CDC pay period are eligible through the end of that CDC pay period.

A child under age 18 is emancipated if any of the following:

AGE NOTIFICATION

FIP

Bridges generates age-related tasks the month before an individual turns ages:

- Six years.
- 16 years.
- 17 years.
- 18 years.
- 19 years.

Age-Related Tasks

When specialist action is required before eligibility can be determined based on a change in age, Bridges generates a specialist task or reminder.

Automatic Mass Update

When specialist action is not required based on a change in age, Bridges triggers mass update, which causes EDBC to run, and certifies the eligibility result automatically. Client's notice of case action is also generated automatically if the type of assistance changes or ends due to an individual passing one of the above ages thresholds.

VERIFICATION REQUIREMENTS

Accept the individual's statement regarding age. Require verification only if the individual's statement is inadequate or inconsistent.
