REPORT DESCRIPTION

<u>Item</u>	<u>Description</u>
SSN	The social security number of the absent parent as identified by the Federal PLS or the code UTL (unable to locate)
Case ID	The DSS, IV-D or court case number as identified by the requestor

Date of Address	Field not used for SSN search results
Local Code	An alpha-numeric code which identifies the local agency and the county of the requestor and may identify the district office or individual requestor number within a county. For example, S63 means the requestor is a support specialist in Oakland County
User Field	A code identifying the State PLS locator submitting the request
Case Type	A letter code identifying the type of case. Codes and case types are as follows: A - ADC-IV-D N - Non ADC IV-D Full Service L - Non ADC IV-D Locate Only P - Parental Kidnapping or Child Custody
AP Name from Request	The absent parent's name (last, first, middle initial) as submitted to the Federal PLS
Other AP Last Names	Field not used
Source/ Agency	The federal agency providing the response: IRS = Internal Revenue Service; SSA = the Social Security Administration. The letter U after the agency abbreviation means the payer's SSN was unknown when the search request was submitted
Returned Name	No entry listed
Messages	Messages indicating search results. "Unable to Locate" means the search for the SSN was unsuccessful. "SSN Identified, Case Sent to Agencies" means that the payer's social security number was identified and a Federal PLS location search will be conducted using that SSN. See Exhibit 3 if other message is reported.
