Retooling Grant Pilot Agreement for Predictive Modeling (PM)\(^1\)

For the duration of the PM pilot, the Friend of the Court and the Pilot Lead agree that:\(^2\)

1. FOC pilot staff will:
   a. Follow all PM policy issued by the Office of Child Support (OCS). This includes the use of forms, templates or other tools associated with the policy, as well as additional tools, forms, and worksheets developed or modified during the pilot;
   b. Provide feedback to the Pilot Lead about the successes and challenges of the pilot, pilot policy, and protocols;
   c. Collect and update (as needed) PM predictors to ensure data remains current for continual analysis of PM non-custodial parent (NCP) progress;
   d. Work with the identified PM NCPs for the duration of the PM pilot using interventions and delivery time frames; and
   e. Record interventions taken. These may include:
      1) Proactively monitoring the NCPs’ monthly payments;
      2) Providing timely payment reminders to NCPs;
      3) Providing positive feedback to NCPs who make timely payments;
      4) Meeting with NCPs and other case members to ensure cooperation and to enhance communication;
      5) Referring NCPs to community service organizations for skill development, education, job training, etc.; and
      6) Following up with community service organizations to ensure NCPs’ compliance or engagement.

2. The Pilot Lead will organize and share FOC staff feedback and PM progress with OCS; and

3. The Pilot Lead and FOC staff will participate in pilot meetings, teleconferences, interviews or focus groups as requested by the Pilot Lead, OCS or University of Michigan School of Social Work pilot staff.

OCS staff will support the PM pilot effort by:

1. Responding timely to concerns or problems identified by the Pilot Lead;
2. Keeping documents updated as changes are needed;
3. Publishing pilot documents or procedures on the mi-support Retooling Grant web page;
4. Scheduling teleconferences and meetings for pilot discussions and status updates; and
5. Monitoring the implementation of the pilot.
