DHS Overpaid

Collections payable to the family were misdirected to DHS.

- Submit the court order with the DHS-820 if the obligation is less than actual figures.
- If the payment history began prior to MiCSES, provide history information from the Child Support Enforcement System (CSES), if this information was not provided with the DHS-820.

Account Overpaid

A payer's account is overpaid.

- For example, charges may have been set up incorrectly in MiCSES. Provide an explanation of the error on the DHS-820.

Note: For refunds requested due to overpayments, identify the most recent collections retained by the state that are sufficient to cover the amount of the overpayment.

Case Number Error

An error in the AC-ID or court case number resulted in the collection being sent to the state in error, or applied to the wrong individual's case/docket.

Provide an explanation on the DHS-820. Produce the *Court Order Information* report for both docket numbers to verify the payments posted. In Item 13, enter the wrong docket number, and in Item 33, enter the correct docket number.

Collection Type Error

Money sent to the state was reported with the wrong collection type. For example, a payment was applied as a medical support payment, but should have been distributed as a child support payment.

NSF

A payment credited to a payer's account was voided due to non-sufficient funds.

Offset in Error

A tax refund was offset in error.

Other – Specify

Specify the reason for the request in Item 33, *Additional Explanation*. For example, write "CCCF overpaid" (County Child Care Fund) if money was incorrectly disbursed to the county.

Additional examples follow:

- Parties married; abating confinement. Explain on the DHS-820 that parties are married and enter the date when the marriage license was provided to the FOC (not the date of the marriage).
- Paternity testing. The payer is not the biological father of the child. Provide a court order with the DHS-820 to validate this.
- Court orders abating confinement or medical support. Reasons vary, including incarceration and change of custody, disability, etc. Provide a court order with the DHS-820.
