Subject**FOM 722-6D, Case Management of Dual Wards**

FOM 722-6D, Case Management of Dual Wards, has been added to detail requirements for this population. In cases when a youth has an open foster care case and the youth has been referred or committed to DHS for delinquency placement and supervision, all reporting and case work policy requirements for the foster care program and juvenile justice program must be followed. These requirements apply regardless of the assignment of the caseworker. In cases where a policy item exists for both programs, the more restrictive policy is the policy by which compliance must be measured.

Reason: Child Welfare and Juvenile Justice Integration Work Group and Steering Committee recommendation.

Communication Plan: Dual Ward job aid.
