OVERVIEW

A priority of the Michigan Department of Health and Human Services (MDHHS) is to improve the success of foster youth transitioning into adulthood from the state’s foster care system. The goal is to help a youth make the transition from foster care to independence, defined as the ability to take care of oneself physically, socially, economically, and psychologically.

Federal law mandates that state and local governments offer an extensive program of education, training, employment, and financial support for a young person leaving foster care. Participation in such programs must begin several years before high school completion and continue, as needed, until the youth is discharged from foster care, establishes independence, or reaches 21 years of age.

Independent Living Preparation

Independent Living (IL) is an ongoing process of maturation, skill development, and assuming responsibility for self. IL services should provide practical experiences that are designed to assist youth in developing the skills needed for a successful transition to adulthood.

All preparation must include the following elements; see FOM 722-03C, Older Youth: Preparation, Placement, and Discharge.

- A youth must actively participate in designing the program activities and accept responsibility for the successful completion of the plan.
- The plan must be based on the youth’s age and the assessment of needs and abilities. Plans should be flexible to allow each youth to proceed toward the goals at his/her own pace.

The provision of IL services should involve an integrated team approach focusing on the youth. Semi-annual transition meetings are required to begin at age 14 and must include the youth and all persons the youth identifies as supportive. This could include parents, foster parents, relatives, foster care workers, and/or community members. This meeting must include a discussion about goals and action steps that will assist a youth in all areas of learning how to move toward adulthood; see FOM 722-06B, Family Team Meeting. Efforts to provide services should be based on this
individualized plan of services that are coordinated within this group.

ELIGIBILITY CRITERIA

Federal law defines eligible youth as those who are likely to remain in foster care until age 18 and children aging out of foster care; see definition of Foster Care, FOM 721. An eligible youth can receive YIT-funded goods and services.

Eligibility

A YIT eligibility determination must be completed in MiSACWIS prior to any funding being approved. When a youth's eligibility changes, a new determination must be completed. (For example, a case goes from open to closed or from an ineligible placement to an eligible placement.)

Age

A youth who has been placed in a MDHHS supervised foster care placement after his/her 14th birthday, and meets all other criteria, is eligible for YIT-funded goods and services until his/her 21st birthday.

Abuse and Neglect

A youth who has been in an eligible foster care or juvenile justice placement through the MDHHS, is eligible for YIT-funded services. Eligible placements include:

- Licensed foster family homes.
- Relative provider homes.
- Group homes.
- Emergency shelters.
- Child caring institutions.
- Independent living and semi-independent living placements.

A child caring institution must be licensed or approved by the state and may not include:

- Any public or private secure placement facility.
- A public child caring institution for more than 25 children.
• Detention facilities, forestry camps, training schools, or other facilities operated primarily for the detention of children determined to be delinquent.

• Jail.

YIT-funded services are not available while the youth is in one of the ineligible placements. A youth placed in an ineligible facility may be eligible for YIT funding if released to a foster family home or other eligible foster care placement.

Parental Home

A youth who has reunified with a parent is YIT eligible if he/she was in a MDHHS supervised eligible placement at some point after his/her 14th birthday and meets all other criteria for eligibility.

Juvenile Justice

A youth who has or had an open juvenile justice case and is placed in an eligible placement under the supervision of MDHHS is eligible for YIT-funded services. This may include a youth who has never had an open abuse/neglect case or a youth committed to MDHHS and supervised under contract by a Community Management Organization (CMO).

A youth in a secure setting or who is incarcerated is not eligible while in those placements.

AWOLP/Runaway

If a youth is Absent without Legal Permission (AWOLP)/runaway but returns to an eligible living arrangement before his/her 21st birthday, the youth is eligible to receive YIT funds, provided he/she meets all other eligibility criteria.

Immigrant Youth Not Documented

A youth who is in the custody of the State of Michigan and supervised by MDHHS is eligible, whether or not he/she is a citizen or legal resident of the United States.
Tribal Youth

A youth placed and supervised by a tribal child welfare court may be eligible for YIT funds provided he/she meets all other eligibility requirements.

Married youth

A married youth may be eligible for YIT funds provided he/she meets all other eligibility requirements.

Incarcerated Youth

An incarcerated youth is not eligible to receive YIT funds. When a youth is no longer incarcerated, he/she may receive YIT funds if he/she meets all other eligibility criteria.

CLOSED CASE ELIGIBILITY

A youth whose case is closed, and met all the eligibility criteria for YIT during the time he/she was under MDHHS supervision, is eligible for YIT if currently between the ages of 18 and 21.

In some cases a youth whose case is closed and who fits the above criteria but is a 16- or 17-year-old may be eligible. Exceptions for 16- and 17-year-olds may be made if all of the following criteria are met:

- The youth met the eligibility criteria for YIT while his/her case was open.
- Prior to the return home, adoption, or juvenile guardianship, the youth was expected to remain in a foster care placement until adulthood.
- A YIT-funded item or service was accessed prior to the case closing.
- Requested YIT services will support the youth through the stages of transition.
- Requested YIT funds will be used to gain access to goods and services designed to assist the youth to:
  - Successfully prepare for, achieve and maintain an independent living situation;
**THE YOUTH IN TRANSITION (YIT) PROGRAM**

- Prepare the youth for functional independence; or
- Ensure the youth’s physical, social, economic, and psychological needs are met; see FOM 722-03C, Older Youth: Preparation, Placement, and Discharge.

- Prior to YIT funding approval for a youth with a closed case, an assessment of need must be completed. This is documented on the DHS-5305, Request for Youth In Transition Funds Checklist. The YIT fund source cannot be used to pay for any aftercare services during the time that aftercare services are mandated by contract for youth leaving placement agency foster care (PAFC).

### Residency

**Open Case:** If a youth is placed in another state, the state of origin must fund the identified independent living services for that youth while the case is open. The originating state is also responsible for foster care maintenance payments and case planning, which includes a written description of the programs and services that will be provided to help a child age 14 or over prepare for the transition from foster care to independence.

If a youth with an open case moves to a new county from his/her county of origin, the county of origin must cover YIT expenses.

**Closed Case:** A youth 18- to 21-years-old who has a closed foster care or juvenile justice case but was eligible for YIT-funded services while the case was open is eligible for YIT funding in a new state or county to which he/she moves. The county or state in which the youth currently resides is responsible for providing closed case YIT services regardless of the county or state in which the foster care or juvenile justice case was open.

If a youth with a closed case is age 16 or 17 and found eligible for YIT funding, he/she must be served in the county or state in which he/she resides.

### PLACEMENT AGENCY FOSTER CARE (PAFC)

If a youth is placed through a PAFC provider, YIT funds will not be authorized until it is verified that the service is not covered by the contractual agreement. A PAFC provider is required to provide daily living/IL skills training.
A PAFC provider must provide follow-up IL services for youth after case closure.

**APPROVED EXPENSES**

YIT funds may be used to provide services that are not available from other funding sources or agencies for an eligible youth. All expenditures must support the youth in achieving self-sufficiency. This must be documented in the youth's service plan. YIT funds may be used to provide goods and services listed below after all other resources for the same goods or services have been exhausted.

For example, a youth who is attending a university and loses temporary eligibility for ETV due to low grades, is not eligible to receive YIT for tuition payment; see FOM 960, Education and Training Voucher (ETV) Program, for post-secondary financial assistance.

- Computer/Tablet – a maximum lifetime limit of $1,500 will be allowed for the purchase of a computer or tablet, and related accessories (accompanying software, printer, carrying case, etc.) A youth receiving ETV funding, or who is otherwise eligible for ETV, is not allowed to use YIT funding for post-secondary computer needs.

  - YIT funds may not be used to acquire real property, including houses, trailers, or land.

Start-Up Goods

- Furniture, cleaning, hygiene, and household goods.
- **There is a lifetime limit of $1,000 for start-up goods.**

items needed for the baby. Examples include car seats, cribs, strollers, etc.

- When a father requests funds for start-up goods for his child, verification of legal parentage must be provided. Acceptable forms of documentation include affidavit of parentage, child support order, birth certificate with the father’s name identified, or a court order naming the youth as the legal father.

• Bus cards.

• Medical, including counseling transportation (closed case services only).

• Driver's training courses and testing.

**Vehicle Purchase**

• Vehicle purchase if county allocation allows it and it does not prevent other youth from being served.

• There is a $5,000 authorization limit to purchase, not lease, a vehicle. A DHS-720, YIT Exception, must be completed and signed by the county director or designee when the purchase is over the general $600 limit.

• The vehicle must be used as a primary means of transportation to support the youth's employment, education, or independent living goals.

• The youth must have a valid driver's license and valid automobile insurance or an estimate for automobile insurance.

- The vehicle must be registered in the youth’s name, or there must be sufficient documentation that the vehicle is the primary transportation used by the youth for work, school, or independent living activities.

- The cost of repairs may not exceed $900, and if over $600 a DHS-720, YIT Exception, must be completed and signed by the county director or designee.

- There is a lifetime limit of $900 for vehicle repairs.

**Sales Tax**

Sales tax is not to be paid on purchases made by MDHHS on behalf of a youth. However, youth who have paid sales tax for YIT eligible purchases can be reimbursed for sales tax included in the total.
BULK PURCHASES

Local offices may purchase items in bulk such as bus passes/tokens, and gas cards. All expenditures of YIT must be tied to an individual youth. If a local office chooses to buy items in bulk, the following rules apply:

- The item must be able to assist the youth in meeting the goal of self-sufficiency.
- The purchase should be made based upon the prior year’s expenditures on similar items.
- Documentation must exist that comparative research on similar products was completed supporting the particular bulk purchase.
- The county must follow ACM 423, Bulk Purchases.
- In addition to following ACM 423, a YIT request must be completed for each item distributed from a bulk supply.

GIFTS AND GIFT CARDS

While it is important to recognize a youth’s birthday or special achievement, YIT funds cannot be used to purchase a gift, unless the gift is a YIT-approved item that can be linked to a specific goal for the youth.

YIT may be used to purchase gift cards when found appropriate (for example, a gas card to assist a youth with attending a meeting.) When an individual gift card is redeemed for a particular youth, the receipt itemizing the purchase made with the gift card must be uploaded into MiSACWIS and YIT request must be completed. Gift cards should be purchased in denominations of $25 or less. All gift cards must be redeemed within the fiscal year purchased. Local county offices must monitor how many gift cards are purchased and how many have been utilized.

ACCESSING YIT FUNDS

Local offices may access YIT funds only for reimbursable goods and services listed above. YIT funds must not be used for goods and services normally covered under the foster care rate or reimbursed by foster care. Reimbursable goods and services are
those goods and services not covered under the age-appropriate rate for foster care (scheduled uniform rate), determination of care supplements for foster care, or special needs items covered by non-scheduled payments.

- Open Case: A youth will access YIT funds through the assigned foster care worker or juvenile justice specialist.
- Closed Case: A youth will access YIT funds through the last assigned foster care worker or juvenile justice specialist or local MDHHS office in the county where the youth currently resides.

All YIT funding requests must include documentation that other funding sources were researched and were not available.

YIT requests are done in MiSACWIS for open cases. For a youth with a closed case, a paper form of the DHS-4713 must be completed and uploaded into MiSACWIS.

The DHS-5305, Request for Youth in Transition Funds Checklist, is required to be completed for every YIT request processed at the county level. Once approval for the expenditure is obtained at the local level, the DHS-5305 must be placed in the financial section of the case file and uploaded to the Service Authorization section of MiSACWIS.

**Reimbursement without prior approval**

All YIT expenditures require prior MDHHS supervisory (or higher) approval. However, in the event a youth submits a reimbursement request for a YIT eligible expense without documentation of prior approval, a DHS-720, Youth in Transition Exception Request Form, can be completed and sent to the YIT Analyst in the Education and Youth Services Unit. Exception requests must be sent within 12 months of the purchase, must include all supporting documentation, and are subject to availability of funds.

**Reasonable Availability**

Local offices must not expend YIT funds on goods and services that are available from other (state/federal) sources. However,
these goods and services must be reasonably available. Contact the YIT Analyst for assistance whenever a question regarding reasonableness arises (a youth being placed on a six-month waiting list, depending on the service and the youth's needs, may not be reasonable).

### Lifetime Limit

There is no set lifetime limit for each youth, except in the case of start-up goods, first month’s rent/security deposit, vehicle purchase/insurance/repair, and computer. However, discretion should be used in disbursing funds to ensure that every eligible youth is provided appropriate services.

### NATIONAL YOUTH IN TRANSITION DATABASE (NYTD)

Monitoring of services and funding, required as part of the application for and use of YIT, occurs through MiSACWIS. The NYTD/YIT Eligibility tab within a youth’s case captures the following:

- The number and characteristics of young people receiving services.
- The type and quantity of services being provided.

Outcomes are measured by cohorts of youth who take the National Youth in Transition Database (NYTD) survey bi-annually through age 21. The survey shows outcomes of educational attainment, employment, avoidance of dependency, homelessness, non-marital childbirth, incarceration, and high-risk behaviors.

### HUMAN TRAFFICKING SCREENING

Youth receiving YIT funded goods or services must be screened when there is a reasonable cause to believe that he or she may be a victim of human trafficking; see [SRM 300, Human Trafficking of Children](#), for the indicators.
YOUTH SERVICE PLANS

For an eligible youth who is currently in care, the case service plan must identify goals and methods for achieving them in the following life skills areas:

- Education, including obtaining a high school diploma or GED, and post-secondary and vocational education.

- Employment, including job placement and retention training.

- Interactions with dedicated adults in approved mentoring relationships.

- Relationship skills.

- Life skills, including preventive health care, substance abuse prevention, sexual responsibility, sexual assault, dating violence, and responsible parenting.

- Housing.

Young people must be active participants in designing their own program activities and accepting responsibility for the successful completion of the plan; see FOM 722-08C, Parent-Agency Treatment Plan and Service Agreement.

Anytime a youth uses YIT funding, the need for that specific item or service must be documented on the DHS-5305 form. Additionally, when completing the service plan, all independent living services and supports that were provided during that period must be documented in the Child Assessment of Needs and Strengths (CANS) for that report period. This includes all services or goods provided with YIT funds, the outcome of those services and any barriers to achieving the identified goals. Assessment of a youth’s benefit from services provided with YIT funds is an ongoing process and should be documented in future reports. For a youth receiving independent living services from a YIT-contracted agency, a youth service plan must be completed to address the goals and services in the same manner as identified for the case service plan.
INDEPENDENT LIVING CONTRACTOR PAYMENTS

The DHS-3469, Statement of Expenditures, must be used by contracted agencies/persons who are providing services for eligible youths. For each youth who received a YIT service/payment, a completed YIT request, including type of service received, must be attached to the DHS-3469.

FUNDING AND PAYMENT

Local Office Allocation

YIT funds are allocated to each of the MDHHS county offices for distribution. These funds are available for the provision of IL-related goods and services to eligible youth. County offices may use a portion of these funds to contract services. However, plans must be developed to ensure that eligible youth who are not using contractual services continue to have access to goods and services.

Payments to Contractors

Non-standard contract language must be reviewed and approved by the YIT Analyst and submitted to the Office of Contracts and Purchasing (OCP).

Payments for goods and services will not be made to a contractor until the contract is signed by both MDHHS and the contractor. Goods and/or services conveyed to a youth by a contractor are ineligible for payment if those goods and/or services were rendered on a date prior to both parties signing the contract.

Fiscal Monitoring

Each county is responsible for managing and tracking the YIT allocation.

Payments

For non-contractual expenditures of YIT funds, refer to Youth In Transition Payments, Accounting Manual (ACM) item 426.
MDHHS workers are required to use the DHS-1291, Local Payment Authorization to authorize payments for each eligible youth. Supervisory signature, indicating approval of the purchase, is required. The original invoice and/or receipts must be obtained and uploaded into MiSACWIS, then sent with the YIT request to the Accounting Services Center. Copies of invoice/receipts should be uploaded into MiSACWIS, to the person's active case.

Residential foster care providers must enter the YIT request into MiSACWIS and then forward it to the MDHHS monitor when YIT-funded services are provided. Allocation of funds is made at the beginning of the fiscal year to each county through the MDHHS Child Welfare Field Operations Administration.

EXCEPTION REQUESTS

All payments up to $600 per request may be authorized for eligible youth, provided they are approved expenditures as defined in FOM 950.

Services exceeding $600 require prior written approval from the county director or designee. A DHS-720, Youth in Transition Exception Request Form, must be completed and signed by the county director or designee. First month’s rent and security deposit have a lifetime limit of $1,500 and does not require an exception approval. In addition, start-up goods have a lifetime limit of $1,000 ($1,500 for a parenting youth) and does not require an exception approval.

If the request for a resource, service, or reimbursement is not specifically stated as an approved expenditure in the YIT policy, the DHS-720, and the supporting documentation regarding the expenses, must first be sent to the YIT program office. Mail or fax to the YIT Program Office at:

Michigan Department of Health and Human Services
Education and Youth Services Program
235 S. Grand Ave. Suite 514
P.O. Box 30037
Lansing, MI 48909
Fax: 517-335-7789
Ph: 517-373-9219

Once the DHS-720 is signed by the YIT program office, it is sent to the county director or designee for signature.
All exception requests must be uploaded into MiSACWIS along with all supporting documentation.

Contractual expenditures of YIT funds must comply with contract requirements as established by the Office of Contracts and Purchasing and the Reconciliation and Recoupment Section of the MDHHS. Documentation and reporting requirements are established by the YIT program office. Other requirements may be established by individual (MDHHS) initiated contracts.

Title IV-E of the Social Security Act, 42 USC 670 et seq.; the Omnibus Budget Reconciliation Act of 1993 (P.L. 103-66); Foster Care Independence Act, 2008 PA 215, (MCL 722.981 et seq.).

The Youth In Transition (YIT) Program was initially authorized by P.L. 99-272, through the addition of section 477 to Title IV-E of the Social Security Act (the Act). The federal designation for this program is the Independent Living program (IL). Since that time, amendments have been made to the act to increase the amount of funding, expand the population eligible for services, and to ensure that states’ Independent Living Programs (ILP) are integrated into the requirements for state child welfare services programs. This has provided more funding and greater flexibility for designing programs to help youth make the transition from foster care to independence (the ability to take care of oneself physically, socially, economically and psychologically).
